No Zone Policy – U10 to U14

Zone defence is **not permitted** in U14 and below. The tournament adopts **VJBL interpretation of zone defence.**

Interpretation:

Coaches are not permitted to instruct a team to play zone and they must play 'Man to Man' defence using correct 'Man to Man' defensive principles.

If a coach hasn't instructed their team to play a zone, but their team is playing a zone outside of their instructions, it is the coach's responsibility to ensure their team play 'Man to Man' defence. No excuses will be tolerated for failure to do so, as the coach has the power to remove offending players from the court if they are not playing correct 'Man to Man' defence.

The Tournament Coordinator will determine violations of the 'No Zone Rule' by investigating one or more of the below points:

- One or more players were not in acceptable 'Man to Man' defensive position in relation to the player they are guarding and the player with the ball
- A cutter moved all the way through the key and was not defended using acceptable 'Man to Man' defensive techniques
- Following a trapping or help and recover situation the team made no attempt to reestablish correct 'Man to Man' defensive positioning
- The team zone pressed and did not assume 'Man to Man' defensive positioning once the ball had been advanced into the half court.

s and Penalties, Injuries and incidents

Complaints must be lodged within **90 minutes** of game completion.

A complaint may be made by the Opposition coach, game referees or referee supervisor through this link: <https://forms.gle/CrYqwsctXCarmkmm6>

[Complaint / Report Form](#)

[Injury & Incident Report Form](#)

The Tournament Coordinator may investigate any team suspected of playing zone, by:

- Viewing a game
- Viewing video footage obtained from the game or,
- Reviewing a written complaint.

Coaches, players and spectators are **not permitted** to approach the opposition team, referees or the referee supervisors to discuss the alleged incident.

Video evidence must show the entirety of the defensive possession and we recommend at least three clips be sent.

In exceptional circumstances, we will accept less clips if a blatant breach of the rule has been made.

If a team is found by the Tournament Coordinator to have been playing a zone, the team will forfeit the game.

The Tournament Coordinator and an independent party can determine whether the player has "forgotten" and the coach is actively coaching them out of this.

The rule will not apply when:

- A team has **four (4)** players on the court.

First Aid

First Aid will not be provided, except for ice packs and band aids.

Teams must provide their own basic first aid kits and manage basic injuries themselves.

Social Media Code of Conduct

(copied from Basketball Victoria)

1. Social media can be fun, helpful and dangerous

Comments, notes and photos posted on social media sites such as Facebook, Twitter and on-line forums are usually constructive and positive. But negative comments and images, bullying, criticism and sexist remarks can be dangerous and harmful to people's wellbeing and reputation and the image of the sport.

2. Do not use social media to be critical of teammates, coaches, officials, administrators, volunteers or spectators

Any comment you make on social media sites has the potential to be seen by millions of people. That is great if comments are positive. But it can be extremely negative and harmful if critical of people. Before you post a comment on social media ask yourself this: Would I want millions of people to read something negative about me?

3. Always assume the person you are talking/writing about will see what has been said/written

Just because an online chat is between two people does not mean it remains private and nobody else can see it. Social media is accessible to everyone. Even if the person you are discussing does not see it, somebody else may. The result is you rather than the person you are ridiculing will be seen in a negative light.

4. Use social media as a positive outlet to promote players, teammates, teams, clubs and others involved in basketball

Posting results and acknowledging individual and team performances on social media makes many people aware of team and individual achievements. That can have a positive effect for many people and should be used, encouraged and embraced wherever and whenever possible.

5. Remember to show respect

When using social media, show the same respect and regard for people that you would show and are expected to show when playing, officiating or attending a basketball game.

6. When in doubt leave it out

If you are unsure if what you are posting on social media is appropriate then it is best not to post it. When in doubt leave it out.

7. Do not tolerate or condone poor social media behaviour or actions

If you are aware of or observe poor social media behaviour or actions, do not accept it. There is no place for it in basketball and it will not be condoned. You should remind people of their responsibilities when using social media and warn that action can be taken against them. In the instance of minors breaching the code of conduct, alert their parents to the situation. If you believe the breach is serious, report it to team, club or association officials.

8. Be aware that your actions on social media may have serious consequences Negative comments and images, bullying, criticism and sexist remarks do not only impact negatively on the people they are about. If you are found to have acted improperly on social media regarding a basketball related matter, you are liable to disciplinary proceedings and may be required to face a tribunal hearing to explain your actions. A suspension from basketball could be imposed.

9. Consider social media to be your personal brand

Your Internet presence fuels any perception of your personal brand - whether you like it or not. Does your social media identity match your real identity? Be mindful of the content of photos, status updates, Tweets. Are they truly reflective of who you are and how you want people to see you?

Reports & Tribunals

- Reports may be made by any referee, referee coach or any staff member of WBA.
- Any report lodged during the tournament will not be dealt with during the tournament.

The report will be referred to Basketball Victoria after the event.

- The Tournament Coordinator reserves the right to suspend or remove any person who has been reported until a suitable tribunal can be held if they deem necessary.

Correctable Errors

Officials may correct an error if a rule is inadvertently disregarded in the following situations for up to two possessions from the time of the error:

- Awarding an unmerited free throw/s
- Failure to award a merited free throw/s
- Erroneous awarding or cancelling of a point/s
- Permitting the wrong player to attempt a free throw/s

General Procedure

To be correctable, the above-mentioned errors must be recognized by the officials, Referee Supervisor, or the score table officials before the ball becomes live following the first dead ball after the game clock has started following the error. An official may stop the game immediately upon recognition of a correctable error if neither team is placed at a disadvantage.

Any fouls committed, points scored time used additional activity which may have occurred after the error has and before its recognition, shall not be nullified.

After the correction of the error, unless otherwise stated in the rules, the game shall be resumed at the point it was stopped to correct the error. The ball shall be awarded to the team entitled to the ball at the time the game was stopped for the correction.

If a Coach believes that during this period in the game, they have been adversely affected by a decision made by an official, referee or umpire, the following action may be taken:

- When the incident occurs, the coach shall approach the score table for a timeout to advise the official that there is a correctable error situation.

The referee may discuss the matter with the Coach to explain his/her decision or, if necessary, examine the stadium scoring console and check the score and the playing time. At the discretion of the referee and based on the validity of the stoppage, the error may be corrected.

- If the timeout was necessary to correct an error the timeout will be regarded as an 'administrative timeout' and returned to the team.

Reserve Powers

The Tournament Coordinator shall have the power to make necessary additional rulings provided these are not contrary to the regulations of those of Basketball Victoria.

Zero Tolerance Policy

To ensure a safe and enjoyable playing environment for all players, officials and participants, Basketball Victoria Country have implemented a Zero Tolerance Policy for inappropriate behaviour for Team Officials, Parents and Spectators.

The Policy will ensure that:

1. There will be a zero-tolerance shown towards any inappropriate or abusive behaviours from team officials, parents and spectators
2. Any team official, parent/guardian and/or spectator who feels the necessity to:
 - a. Persistently or wilfully question or challenge the rulings of the referees

d. Berate or abuse team officials

e. Berate or abuse players

f. Berate or abuse other parents or spectators

g. Berate or abuse any game day official such as a Court Supervisor, Referee Supervisor or Association Representative.

will be asked to leave the venue immediately by the Referee Supervisor or Venue n Supervisor. Failure to leave when requested will result in a Tournament Representative taking appropriate action to safeguard the safety of players, spectators and officials.

No warnings need to be given in the event of the above action becoming necessary.

Basketball Victoria Heat Policy

(extract from Basketball Victoria Participants Protection By-Laws)

In 2007, Basketball Victoria amended its Participants Protection By-laws to introduce a requirement for monitoring temperature on court when the weather is hot. This amendment requires that all stadiums must be fitted with a thermometer and the inside temperature must be taken every hour whilst the stadium is in use and a note kept of the temperature in a permanent written record at the stadium.

Taking into consideration the Basketball Victoria Policy, for the purposes of the Tournament, the following will be utilised:

Climate Policy

3.1

All persons involved in the organization of games must be aware of the effect that extremes of weather can have on person playing or attending basketball and put in place adequate contingencies for the minimizing of risk to persons, particularly when high temperatures are expected. Where high temperatures are expected organizers of games must know the extremes or temperature which can occur in the particular venue.

3.2

Where high temperatures are expected game organizers must make reasonable attempts to ensure:

- Full knowledge of availability of first aid equipment and first aid and medical personnel is accessible by all persons attending.
- Referees and other officials are aware of the symptoms of heat stress and are instructed to be on the alert to notice any such symptoms.
- Referees are instructed to initiate regular extra time-outs during the game and to shorten the game if necessary.
- Players are made aware of the need to hydrate regularly before and after the

game and that facilities are available for them to do so.

- Facilities are available for players and other persons to externally cool themselves with water, fans or other facilities.
- Adequate supplies of ice and ice packs are available for use where appropriate; and
- Proper advice is available to coaches and players on the effects of heat, symptoms of heat stress, the need for proper hydration and the facilities that are available to prevent or treat heat stress.

3.3

All stadiums must be fitted with a thermometer. On hot days, court temperature must be taken hourly whilst the stadium is in use and must be recorded in a permanent record kept at the stadium. If the stadium is in sections, the temperature must be taken in each section.

3.4

a) When the court temperature reaches 30°C competition organizers must consider implementing and where the court temperature reaches 35°C, must implement the following timing rules:

a. The game time must be reduced by 2 minutes per half with 2 team timeouts per half

b. The clock must stop for each timeout, and the referee must call an additional compulsory timeout close to the halfway mark in each half

c. Each team must call a timeout before the compulsory timeout and after the compulsory timeout. In the event the coaches do not call a timeout as required, the referees will intervene and call a timeout and attribute them to the respective teams.

b) When the court temperature reaches 40 degrees Celsius games must be abandoned.

a. If a game is abandoned before it commences or before or at half time it is counted as a draw

b. If a game is abandoned after half time, the game score stands as a final result The introduction of the Heat Policy Rule and notification to teams will be by the Tournament Coordinator.
